BUILT FOR BETTER™

Retreading for a better world

UK PRODUCT LINEUP 2023

BRIDGESTONE
Solutions for your journey

UNIQUE SELLING POINTS

Outstanding durability
Long lasting drive tyre with high resistance to cuts/chips and damages

Excellent traction
Thanks to very good self-cleaning properties

Comfortable on-road drive
Thanks to optimised pattern design

Size	SS / LI	Markings
295/80R22.5	152/148 K	M+S
315/80R22.5	156/150 K	M+S

1

- F Optimized shoulder block length
- A Reduces the H/T wear on the shoulders
- B Eliminates vibration and noise problems

2

- F Uni Directional pattern design
- A Improves mud evacuation and self cleanings
- B Ensures excellent traction on all surfaces

3

- F Tie Bar technology
- A Increased stiffness and even wear
- B Longer tyre life & comfortable on-road drive

F Features A Advantages B Benefits

UNIQUE SELLING POINTS

Boosted wear performance
Get even more out of your tyres with up to 7% more mileage vs predecessor.¹

Minimised cost per kilometre
Profit from up to 4% reduction in total cost per kilometre vs predecessor.¹

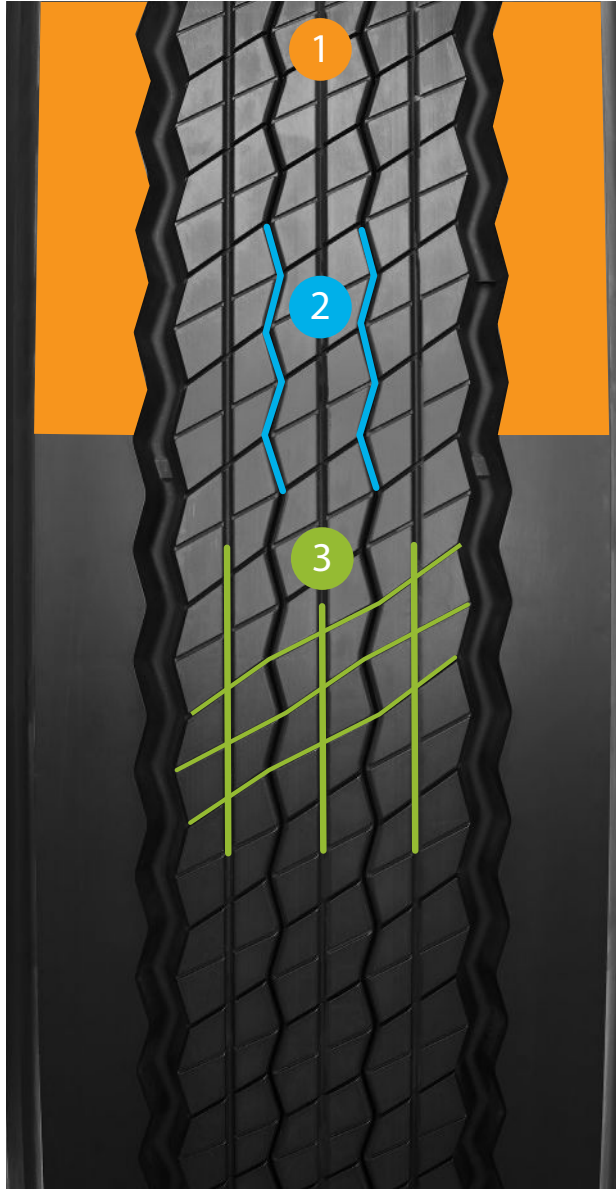

Optimised fuel efficiency
Lower rolling resistance, 5.7% less vs predecessor.¹

¹ According to internal Bridgestone tests, compared with the current mold cured Bridgestone R168

Size	SS / LI	Markings
385/65R22.5	160 K	M+S

BANDAG HOTREAD R-TRAILER 002 | Design & Technologies

Same features as TBR Duravis R-TRAILER 002 with best-in-class technology in Bandag manufacturing

1

F

Optimized Shoulder design

A

Pattern deformation control for less stress on shoulder area

B

Enhanced wear life

2

F

Y-shaped grooves

A

Optimum balance of contact/void area & enhanced water ejection

B

Irregular wear resistance & excellent wet grip

3

F

Water drainage channels

A

Better grip in winter conditions

B

All year use

F Features A Advantages B Benefits

UNIQUE SELLING POINTS

- **Optimized wear performance**
Lowering cost per kilometre and rolling resistance vs. predecessor.¹
- **Minimised cost per kilometre**
Profit from up to 16% reduction in total cost per kilometre vs predecessor.¹
- **Optimised fuel efficiency**
Lower rolling resistance, up to 25% less vs predecessor.¹

¹ According to internal Bridgestone tests, compared with the current mold cured Bridgestone M730

Size	SS / LI	Markings
215/75R17.5	126/124 L	M+S
245/70R17.5	136/134 L	M+S
245/70R19.5	136/134 L	M+S
265/70R19.5	140/138 L	M+S
285/70R19.5	146/144 L	M+S
295/80R22.5	152/148 K	M+S
315/70R22.5	154/150 K	M+S
315/80R22.5	156/150 K	M+S

Same features as TBR Duravis R-DRIVE 002 with best-in-class technology in Bandag manufacturing

F Features A Advantages B Benefits

- 1
 - F Smart low energy pattern concept
 - A Controlled tread block deformation reduces rolling resistance and avoids edge slippage
 - B High mileage & better fuel efficiency
- 2
 - F Shoulder tie-bar
 - A Improves resistance to I/W by eliminating slippage
 - B Longer tyre life
- 3
 - F Y-shaped grooves
 - A Optimum balance of contact/void area & enhanced water ejection
 - B Irregular wear resistance & excellent wet grip
- 4
 - F 3D sipes
 - A Boosts wear life
 - B Better fuel efficiency
- 5
 - F Micro sipes
 - A Better grip in winter conditions
 - B All year use

Reducing tyre costs starts with **maximising the performance life of your tyres**. Bandag retreads are built around Bridgestone’s premium new tyres and Bandag state-of-the-art retreading process technology, **the perfect match to extend tyre life and reduce cost per kilometre, up to 30%* lower cost, compared to a new tyre**.

HERE ARE SOME OF THE COMPANIES TAKING ADVANTAGE OF THESE BENEFITS

* Based on internal field evaluation and tests conducted with Bridgestone's research and development facilities.

Bandag's digital casing management solution helps you track your casing assets and optimise your tyre costs.

Why BASys?

- Creates the visibility you need to manage your casing assets in the most transparent way
- Gives the confidence in knowing that your casings are handled in the most efficient way

BASys Casing Collection records the data of casings collected from fleets or tyre dealers

BASys Manufacturing allows Bandag franchise dealers to follow casings through each retread production stage, which optimises the management of production quality and cost efficiency

BASys Back Office gives fleet customers full visibility with actionable reporting

Your tyres and tyre casings represent a valuable asset within your company. This is why Bandag developed BASys, a series of digital tools which help you track, manage and utilise those assets to your full advantage.

FEATURES

- User-friendly interface
- Each casing tracked by a unique barcode number or RFID
- Sign off casing collection on mobile device of the collector
- Powerful formatted reports
- Customer profile includes specifications for retreading

BENEFITS

- Online visibility to manage retread casing flow in real time
- Initiate and follow-up casing collections completed at the different locations
- Online dashboard
- Casing bank to choose when and how to use casing assets

A TOTAL SOLUTION

BASys helps fleets and Bandag retreaders to keep track of casings at every step of the process, from casing collection to production follow-up, until product delivery to the customer.

BRIDGESTONE
Solutions for your journey

Bandag Retreading Solutions support Fleetcare's endeavours with a key focus on Sustainability and CPK reduction through:

- Reducing total tyre cost per kilometre by extending the life of premium new tyres
- Reducing the CO₂ emission during the manufacturing process

Our Bandag Retreading Solutions are a key component of Fleetcare, in the Tyre Management pillar, through:

- Extensive product range covering all sizes & applications
- Sophisticated and highly standardised retread process
- Specialised network of trusted Bandag franchisees

OUR ENDEAVOURS

REDUCE COST OF OWNERSHIP

SAVE TIME

MAXIMISE CUSTOMER SATISFACTION

SUPPORT FLEET COMPLIANCE

ENSURE SAFETY AND SECURITY

BUILD A SUSTAINABLE FUTURE

TYRE MANAGEMENT

Reducing your fleet's tyre TCO through tailor-made programs, supported by state-of-the-art technology and convenient systems and processes.

- ✓ Best-in-class tyres
- ✓ Retread solutions
- ✓ Digital casing management
- ✓ Tyre and vehicle servicing
- ✓ Breakdown solutions
- ✓ Contract solutions
- ✓ Tyre management systems
- ✓ Training solutions
